Subject: WARN Notice of KBR Wyle Services LLC

This letter serves as formal written notice pursuant to the Worker Adjustment and Retraining Notification (WARN) Act. KBR Wyle Services LLC, located at GSFC/Wallops Flight Facility, Wallops Island, VA 23337, has received notice from NASA that will result in the layoff of 118 employees working in all job classifications supporting the contract, on June 30, 2026. Please see attached list for full details. This layoff is permanent and due to the completion of the Range Operations Contract (ROC II). The follow-on to ROC II, Wallops Range Contract (WRC), was not awarded to KBR. While we anticipate that many employees supporting ROC II may transition to the awarded company in their current capacity with no break in service to support WRC, all KBR operations on ROC II will cease on June 30, 2026.

Of the employees affected by the layoff, 55 are represented by Larry Battle, District Business representative, International Association of Machinists and Aerospace Workers, DL 74, 5307 E. Virginia Beach Blvd., Norfolk, VA 23502; however, all bargaining unit positions are affected by the layoff and therefore no bumping rights exist at this time.

If you have questions regarding this notice, please contact:

Ann Ward
HR Business Partner, KBR
Phone: 301-486-3173
Email: ann.ward@us.kbr.com

Sincerely,

Ann Ward
KBR HR Business Partner
Vincent Cassara
KBR Range Operations Program Manager
